

Crystal EMR

TrueDocs

Leading Ophthalmic EMR Systems Since 1997

TrueDocs

Digital Paper interface

- Paper form has been used for a long time to maintain the patients records.
- Papers are easy to read and write. Our **CrystalEMR TrueDocs** lets you give the same paper experience using your mobile or tablet.
- This helps you focus on patient care.

TrueDocs - Can be of various Types

Example : Case Sheet, Consultation Notes Pre-Op Sheet, Anaesthesia Notes, Surgery Notes Post-Op Sheet, etc.

Details

Tasks

Tasks are auto generated on follow up advised.

Select the Follow-up Field from TrueDoc to Create a **Task**.

The screenshot shows the TrueDoc app interface. In the 'Management' section, the 'Follow-up' field is highlighted with a red box and a hand icon pointing to it. The text in the field reads 'Follow-up for Glaucoma Assessment, after 1 month'. Below this, there is a 'Follow-up' section with a text input field containing 'Follow-up for Glaucoma Assessment, after 1 month, af'. At the bottom, there are buttons for 'CLEAR', 'SAVE', and 'CANCEL'.

Select from **Drop-down** list to generate specific Tasks

The screenshot shows a drop-down list of follow-up intervals. The options are: 'after 2 days', 'after 3 days', 'after 5 days', 'after 1 week', 'after 10 days', 'after 2 weeks', 'after 3 weeks', 'after 1 month', 'after 6 weeks', 'after 2 months', 'after 3 months', and 'after 4 months'. The 'after 1 month' option is selected. At the bottom, there are buttons for 'CLEAR', 'SAVE', and 'CANCEL'.

View at Token Level

The screenshot shows the 'Pending Tasks' section at the token level. It displays a list of tasks for a patient, including '27/Oct/2022 Follow-up for Glaucoma Assessment'. Below this, there is a grid of buttons for different task types: 'TOKEN', 'PROCESS', 'BILLING', 'TASKS', 'EVENTS', 'MATERIALS', 'SX POST', 'CALL', 'SMS', 'WHATSAPP', 'APPOINTMENT', and 'TRUEDOCS'. The 'TASKS' button is highlighted with a purple box, and a purple arrow points from it to the 'EVENTS' button.

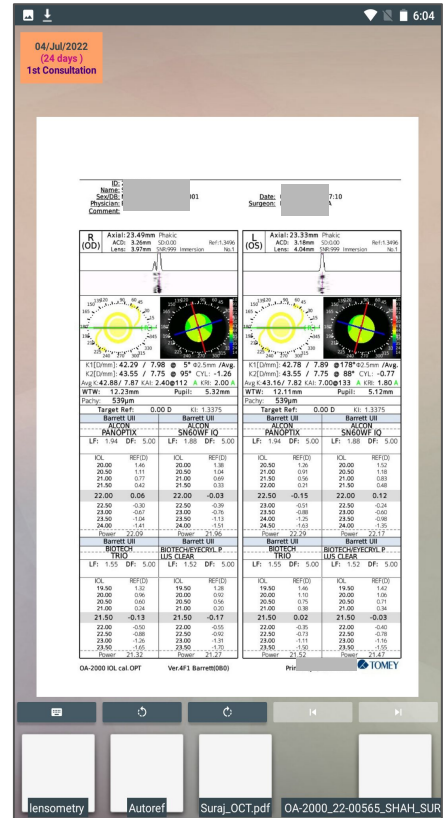

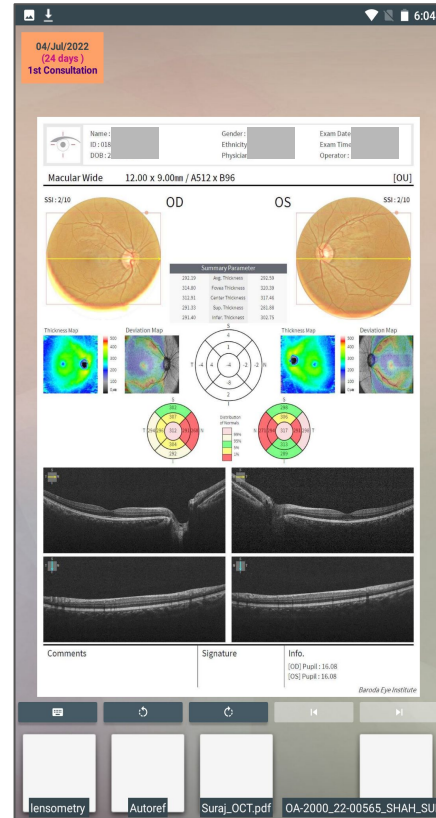

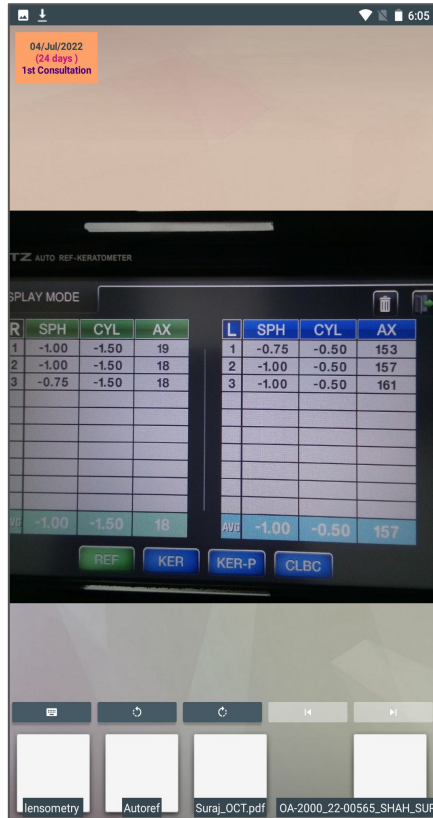

Pop-up of Task on Each patient recall

The screenshot shows a 'Pending Tasks' pop-up for a patient recall. It displays the text '27/Oct/2022 Follow-up for Glaucoma Assessment'. Below this, there are three buttons: 'MARK EXECUTED', 'MARK FAILED', and 'OK'.

Various Status of Tasks

The screenshot shows the 'Tasks' section of the TrueDoc app. It displays a list of tasks, including '27/10/2022' and 'Follow-up for Glaucoma Assessment'. A dropdown menu is open, showing the following status options: 'Pending', 'Done', 'Cancelled', 'Failed', and 'Rescheduled'. The 'Pending' option is selected.

Images can be attached at each Stage
